Student Data Elements

For students enrolled during the current school year: Submit one row every time a student enrolls in the district, including at the beginning of the school year. In addition, report a new row for the student when any of the following fields change:
   SchoolID
   StudentGradeLevel
   StudentConcurrentEnrollment
   StudentHomeSchooled
For the fields StudentIDEA, StudentELL, StudentELLMonitoring, StudentSection504, StudentTitle1, StudentMigrant, StudentImmigrant, StudentHomeless, StudentGiftedTalented, and StudentLunch, report the value the student had during the period bounded by StudentEntryDate and StudentExitDate. If the period bounded by StudentEntryDate and StudentExitDate contains the snapshot date for the collection (October 1), then report the value on the snapshot date.

For correcting exit status from previous years: This report may also be used to correct the StudentExitType for any student in previous years. In that case, report one row per student per school and specify the correct exit status and exit type for that student. The StudentEntryDate and StudentExitDate should both be from the previous school year and the grade level should be the student's grade level at the end of the previous school year. For the fields StudentIDEA, StudentELL, StudentELLMonitoring, StudentSection504, StudentTitle1, StudentMigrant, StudentImmigrant, StudentHomeless, StudentGiftedTalented, and StudentLunch, report the value the student had on StudentExitDate.

Field #	Field Name	Required?	Length	Valid Values / Format Notes	Definitions
1	WISERID	Required	8	Must conform to the rules for valid WISER IDs.	The WDE 8-digit state assigned student record identifier
2	StudentLastName	Required	1-25	Name characters	Student's last name

Data Formats - SIF Submission

This document describes the SIF objects and fields that an SIS must publish in order to participate in a state-wide SIF data collection in Wyoming. Pay special attention to the comments below each object. This same format is used to send vertical reports over SIF from SRM to the state.

Highlighted fields represent changes from last year

SchoolInfo

Report one SchoolInfo per school in the district. SRM handles the case where multiple SchoolInfo records with the same StateProvinceId, but different RefIds are published. It also handles receiving the two SchoolInfo records from different zones with the same RefId.

SIF Field Used	Field #	Field Name	Valid Values / Format	Comments
@RefId				
StateProvinceId	8, 109	SchoolID	See Data Elements.	
SchoolName				Displayed in the UI to the district user to help him identify the zone that he is syncing against when he runs a trial.

StudentPersonal

Ideally, one StudentPersonal would be published for each student attending the district. However, SRM correctly handles the case where more than one StudentPersonal record is reported per student.

SIF Field Used	Field #	Field Name	Valid Values / Format	Comments

SIF_ExtendedElements/SIF_ExtendedElement[@Name='StateAssessmentSpecialForms']	41	StateAssessmentSpecialForms	B, L, A, Blank	If StudentParticipation record exists, then use the value specified there. Otherwise use this value. This extended element is necessary because the collection might not have StudentParticipation, but StateAssessmentSpecialForms appears on the Student record in the 684.
SIF_ExtendedElements/SIF_ExtendedElement[@Name='StateALTAssessment']	42	StateALTAssessment	Yes, No	

StudentSchoolEnrollment

See the rules on the Data Elements tab for when to submit a student row. In particular, a new StudentSchoolEnrollment is expected any time the GradeLevel, MembershipType, SchoolInfoRefId, or StudentHomeSchooled changes. There should be one StudentSchoolEnrollment record per student row. Only StudentSchoolEnrollment records during the current school year will be used.
